Dear Mark

**Re: Yahrzeit Boards**

Thank you so very much for all you have done for me in organizing and supplying the two Yahrzeit Boards in time for Yom Kippur and the Chaggim this year. I really appreciate that you managed to accommodate my request for this at such short notice and in addition by assisting with checking that it met all halacha!

It is at times like the Yomtovs and the Chaggim that the separation from family in South Africa is felt most. That separation and distance is really deeply felt too at times of yahrzeit. So it is with both of these in mind that I really appreciate the huge effort you went to in getting the Yahrzeit Boards up in time for the Yizkor services of Yom Kippur and Sukkot this year, during which time it was the actual yahrzeit for my father (3 days after Yom Kippur). It was comforting to see my parents' names on the board and lit during the Yomtovs/Chaggim and it was moving to see my father's yahrzeit remembered on the shul's memorial board.

Again, my deep and sincere thanks to you for your incredible service and for adding to the depth of my family's observances this year.

Yours sincerely
